Adorably charming Cape with a laundry list of updates on the Salem/Peabody line, just over one mile to Downtown Salem and the commuter rail. Enjoy all brand new GE stainless steel appliances in the open concept kitchen which flows from the spacious living room and into the skylit dining room with cathedral ceilings and direct access to the private patio & side yard (nearly fully fenced in with storage shed). The massive first floor master was literally two rooms combined to make one oversized bedroom complete with a sitting area and two closets. Both upstairs bedrooms are front to rear with two closets apiece. The first and second floor have hardwood floors throughout. Finished basement with a great family room as well as office space and a recently updated half bathroom and laundry with new side by side Samsung washer & dryer. Gorgeous landscaping, trees and plantings. 2019 upgrades: new roof, hot water tank, and basement carpeting. Younger gas furnace, A/C, and replacement windows.
